Invokeys Light Blue HE Sample	
Switch Type: <i>Linear</i>	<i>Unknown</i>
Total Stem Travel	3.295 mm
Peak Force	46.4 gf
Bottom Out Force	46.4 gf
# of Upstroke Points	720
# of Downstroke Points	924

Testing Notes

- I have never seen anything like that weird phenomena halfway through the full bottom out of the switch before. It is as if the stem was lodged on something that only dislodged after a significantly greater force than the stem would normally encounter.
